Order by: VH

The VH UNIVERSAL HEATING / COOLING system offers a comfort solution for every season. This system utilizes 1 switch to control both the heat setting and the cool setting. The switch illuminates the 5 levels of heat or the 3 levels of cool depending on the mode you choose. Only OEM approved materials are used in the manufacturing of the VH kit. The VH kit contains all the necessary components to perform a top quality installation.

The VH kit offers a 3 year / 36,000 mile limited warranty.
